

Holzelement / timber construction

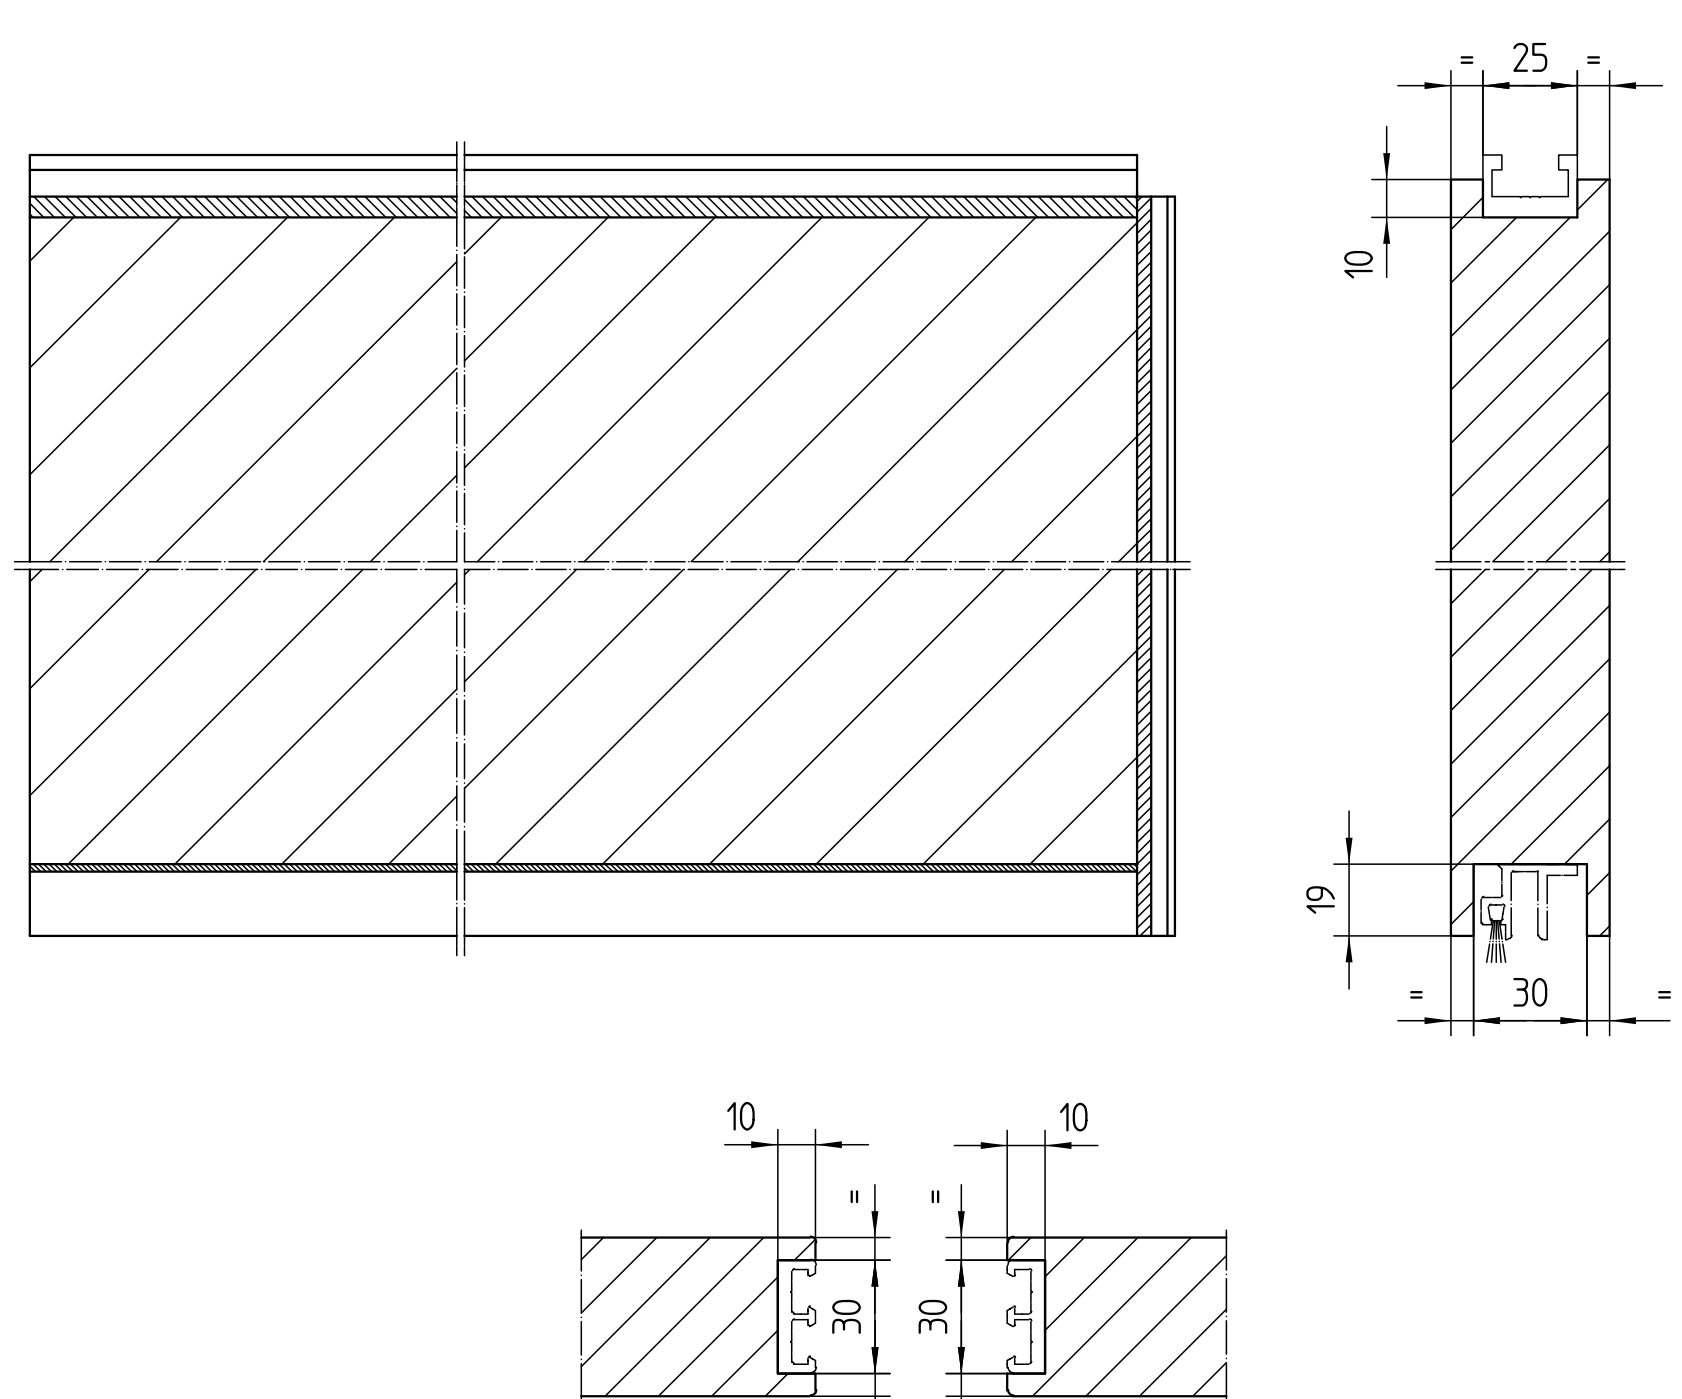

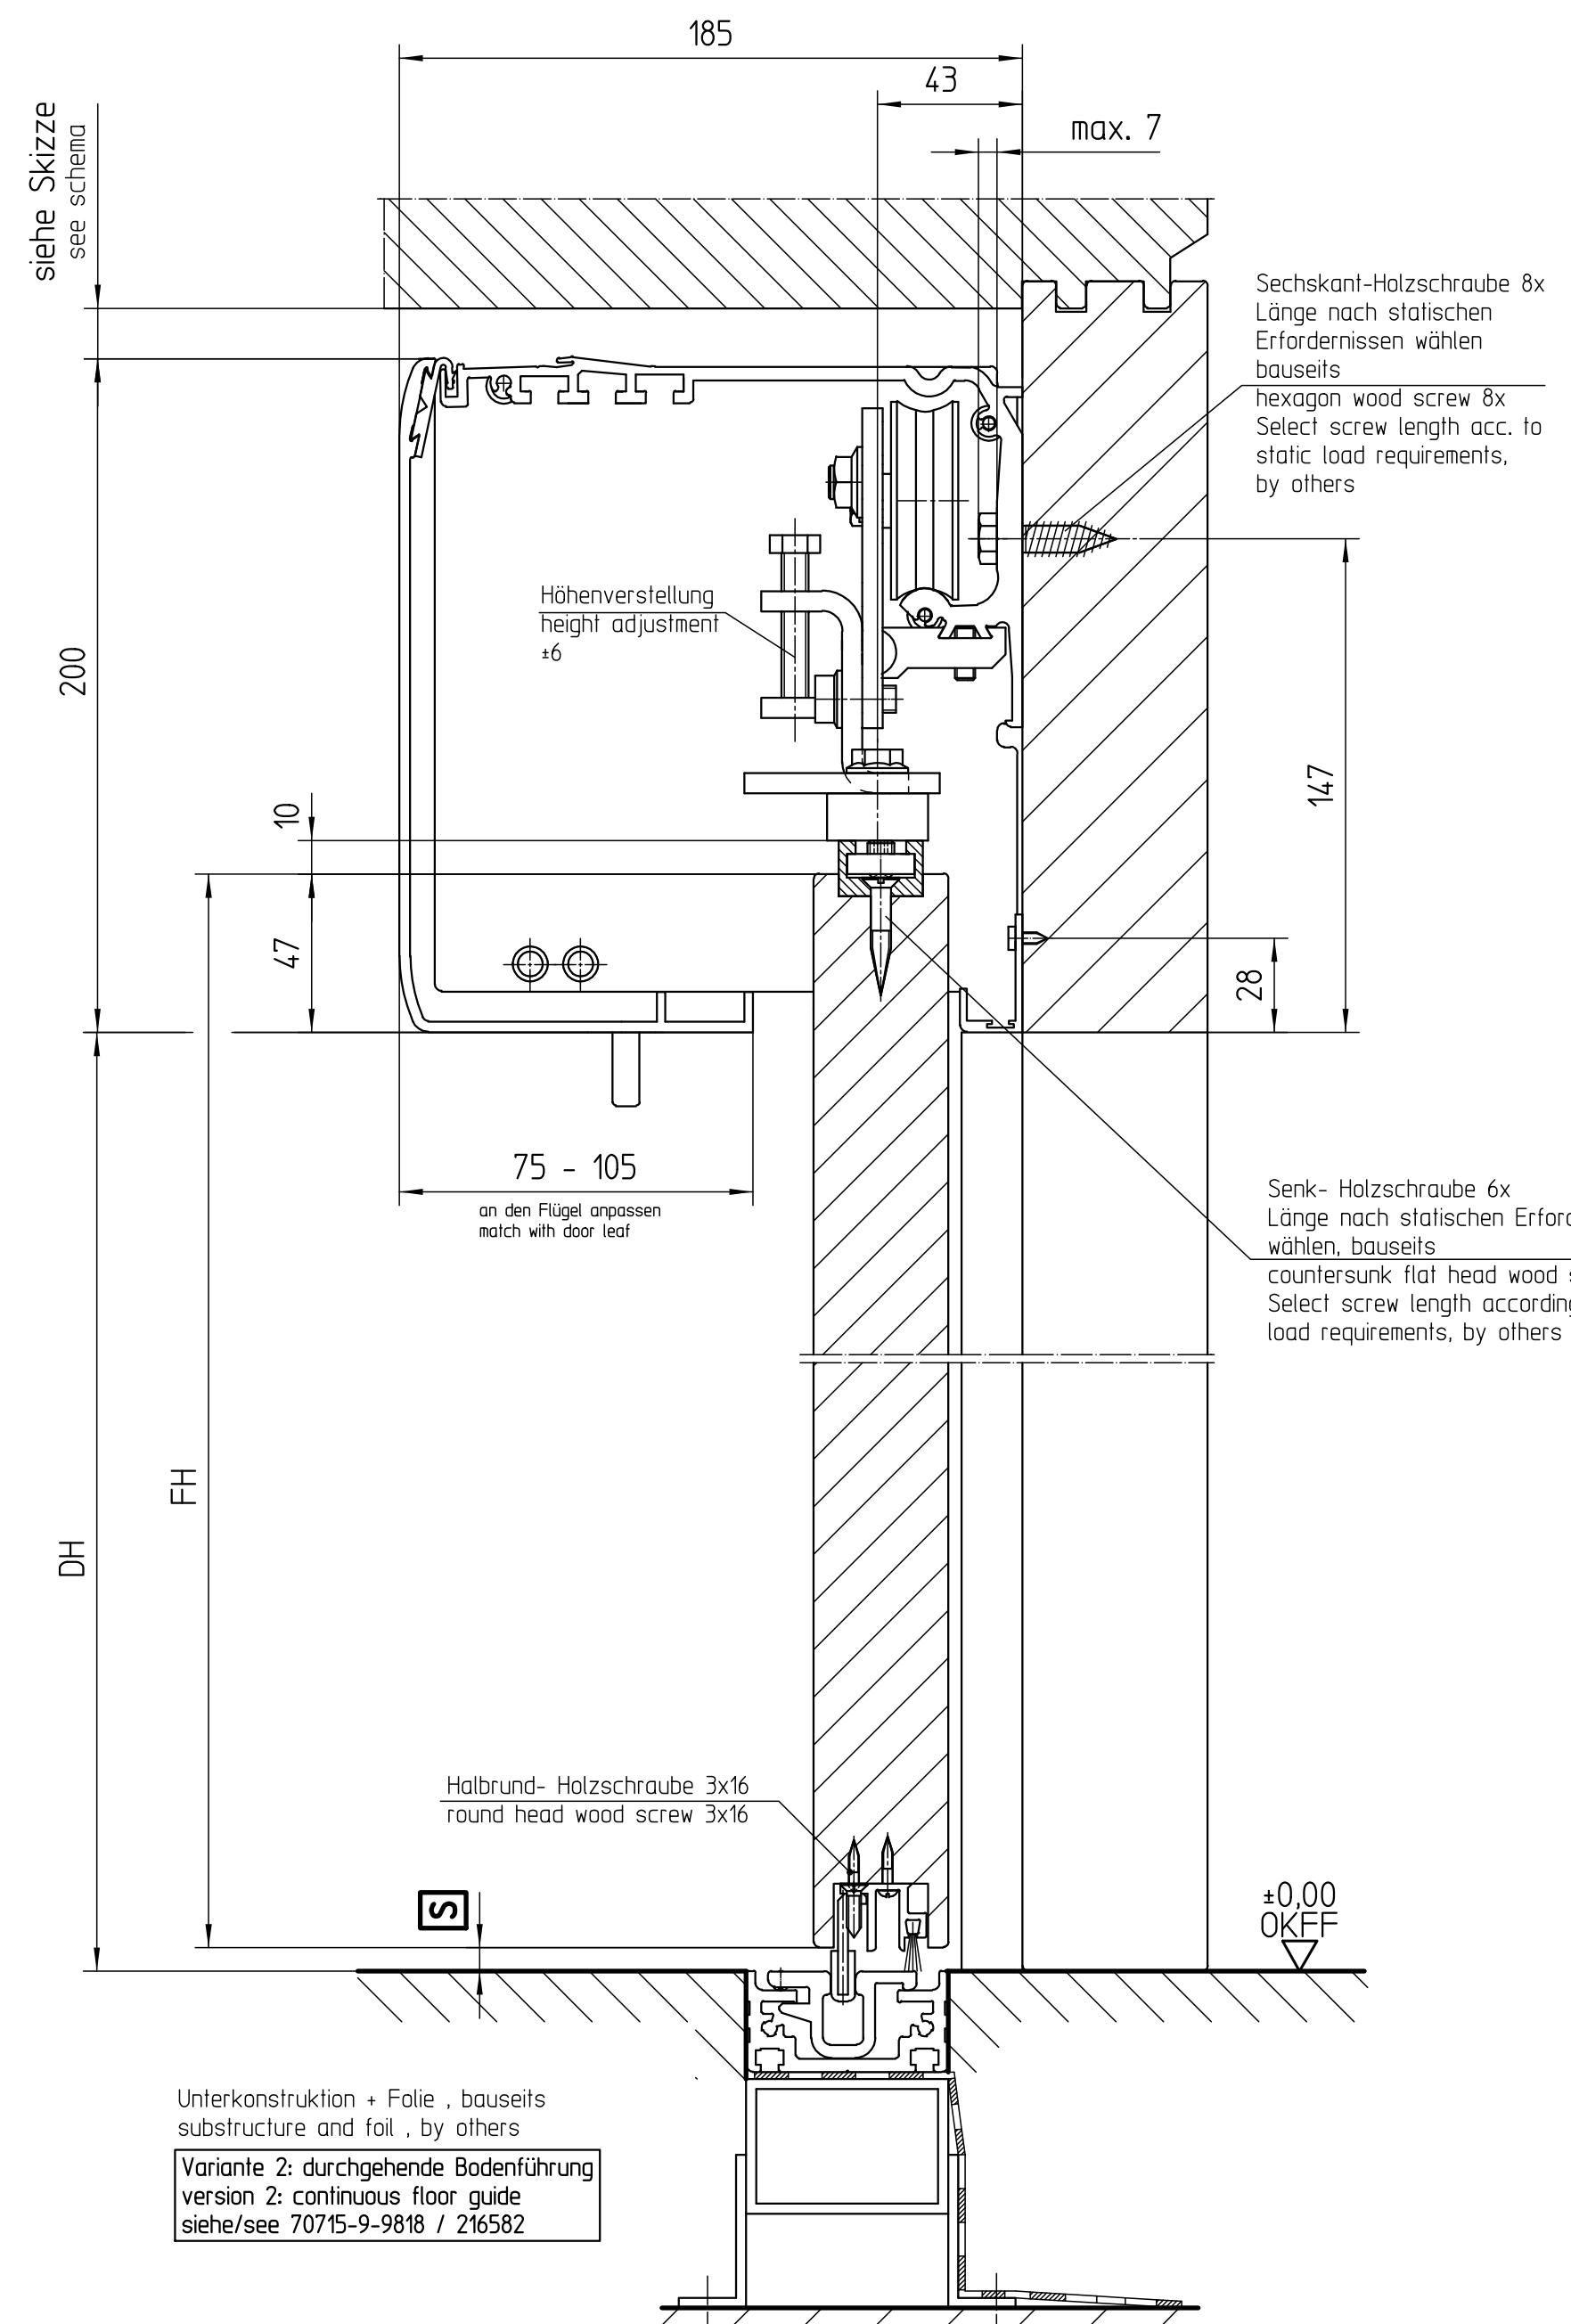

Ausführung	Flügeldicke max. max. thickness of door leaf
mit Verriegelung with electro-magn. lock	65mm
ohne Verriegelung without electro-magn. lock	90mm

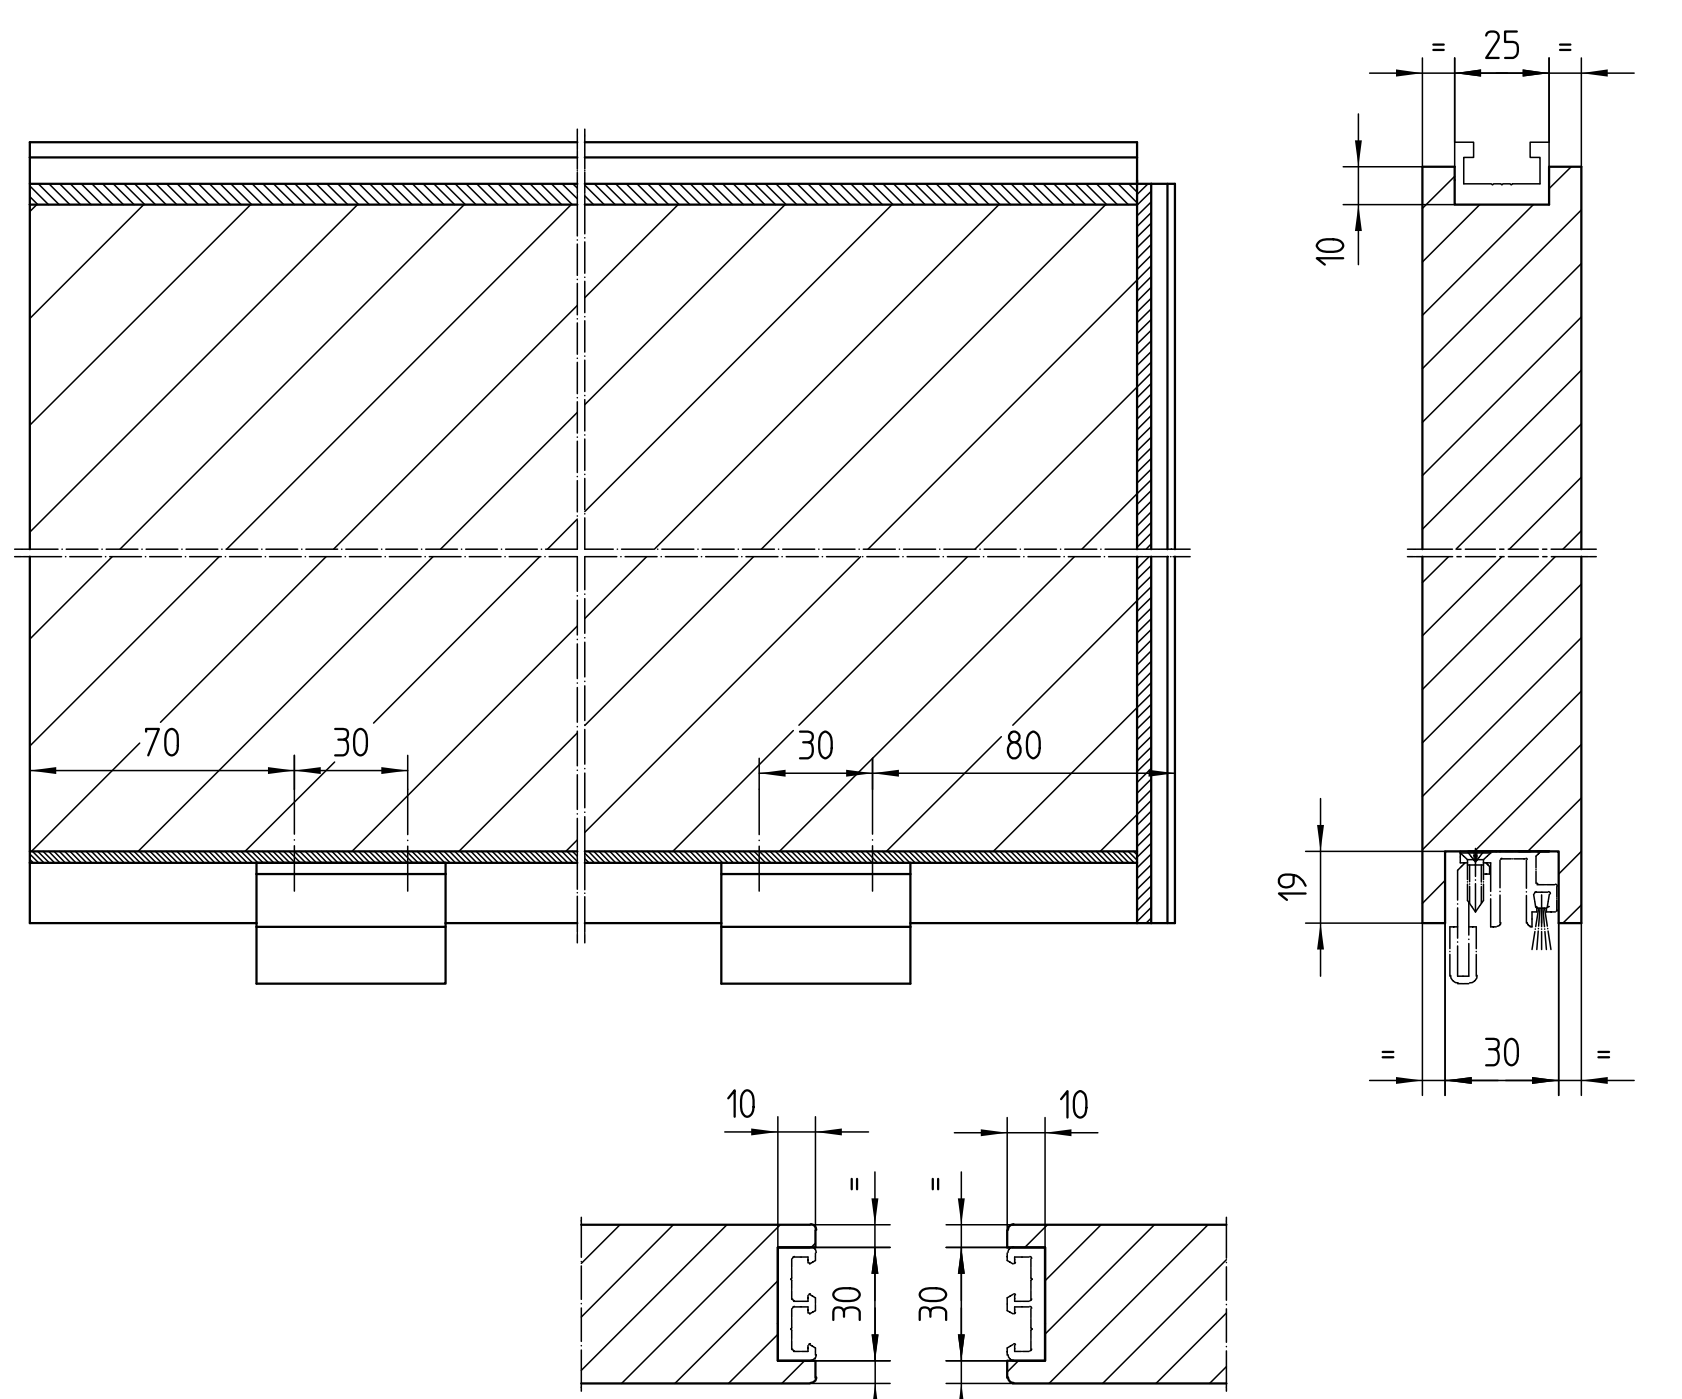

Wandmontage / wall fastening

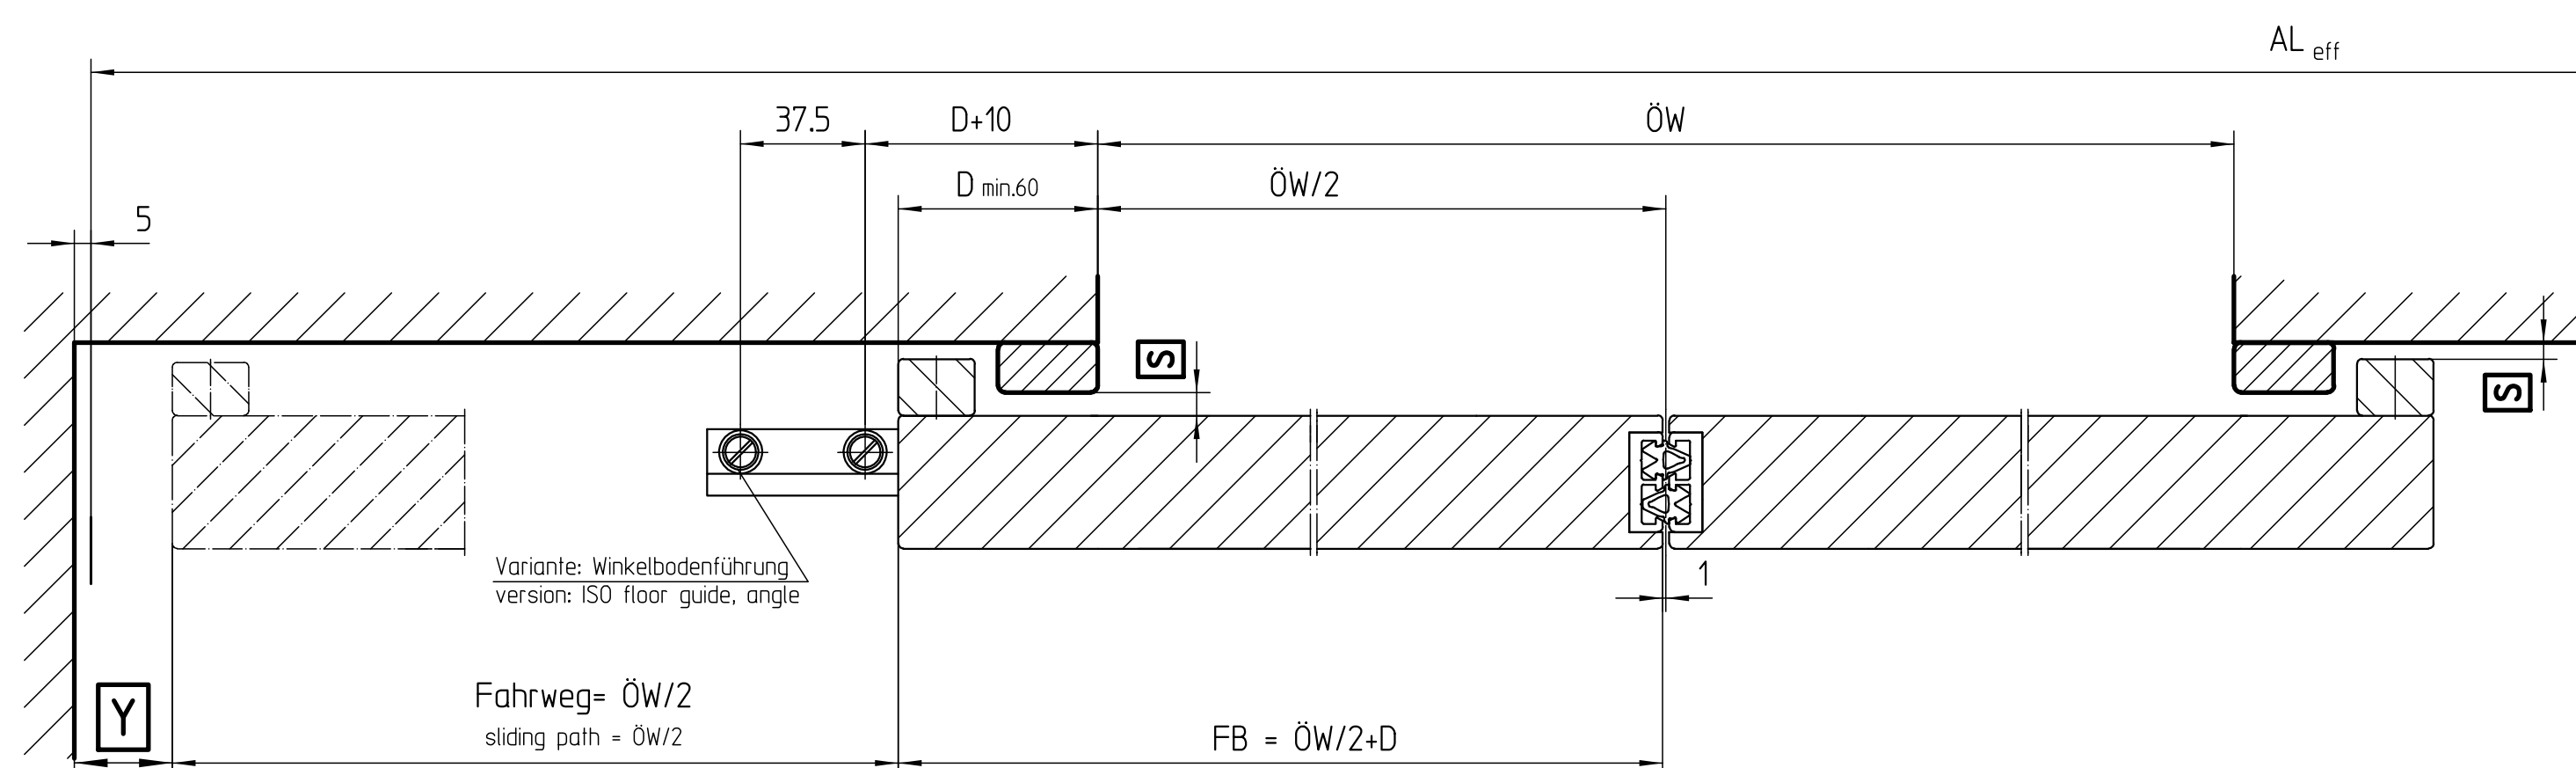

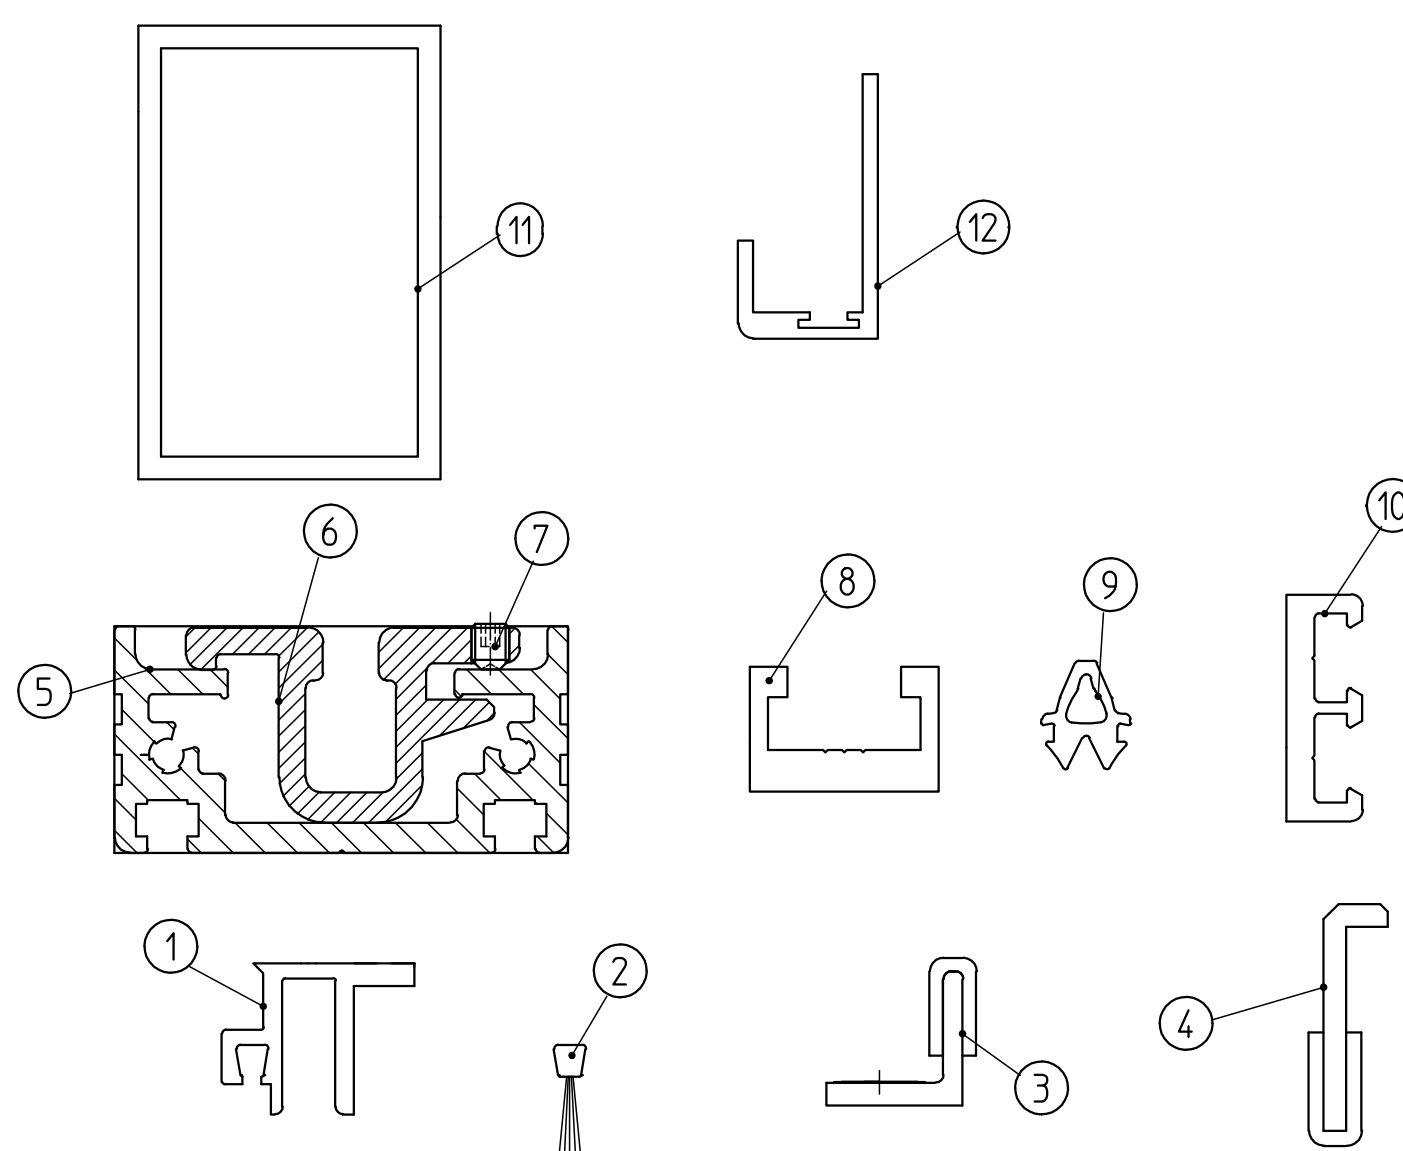

Holzelement / timber construction

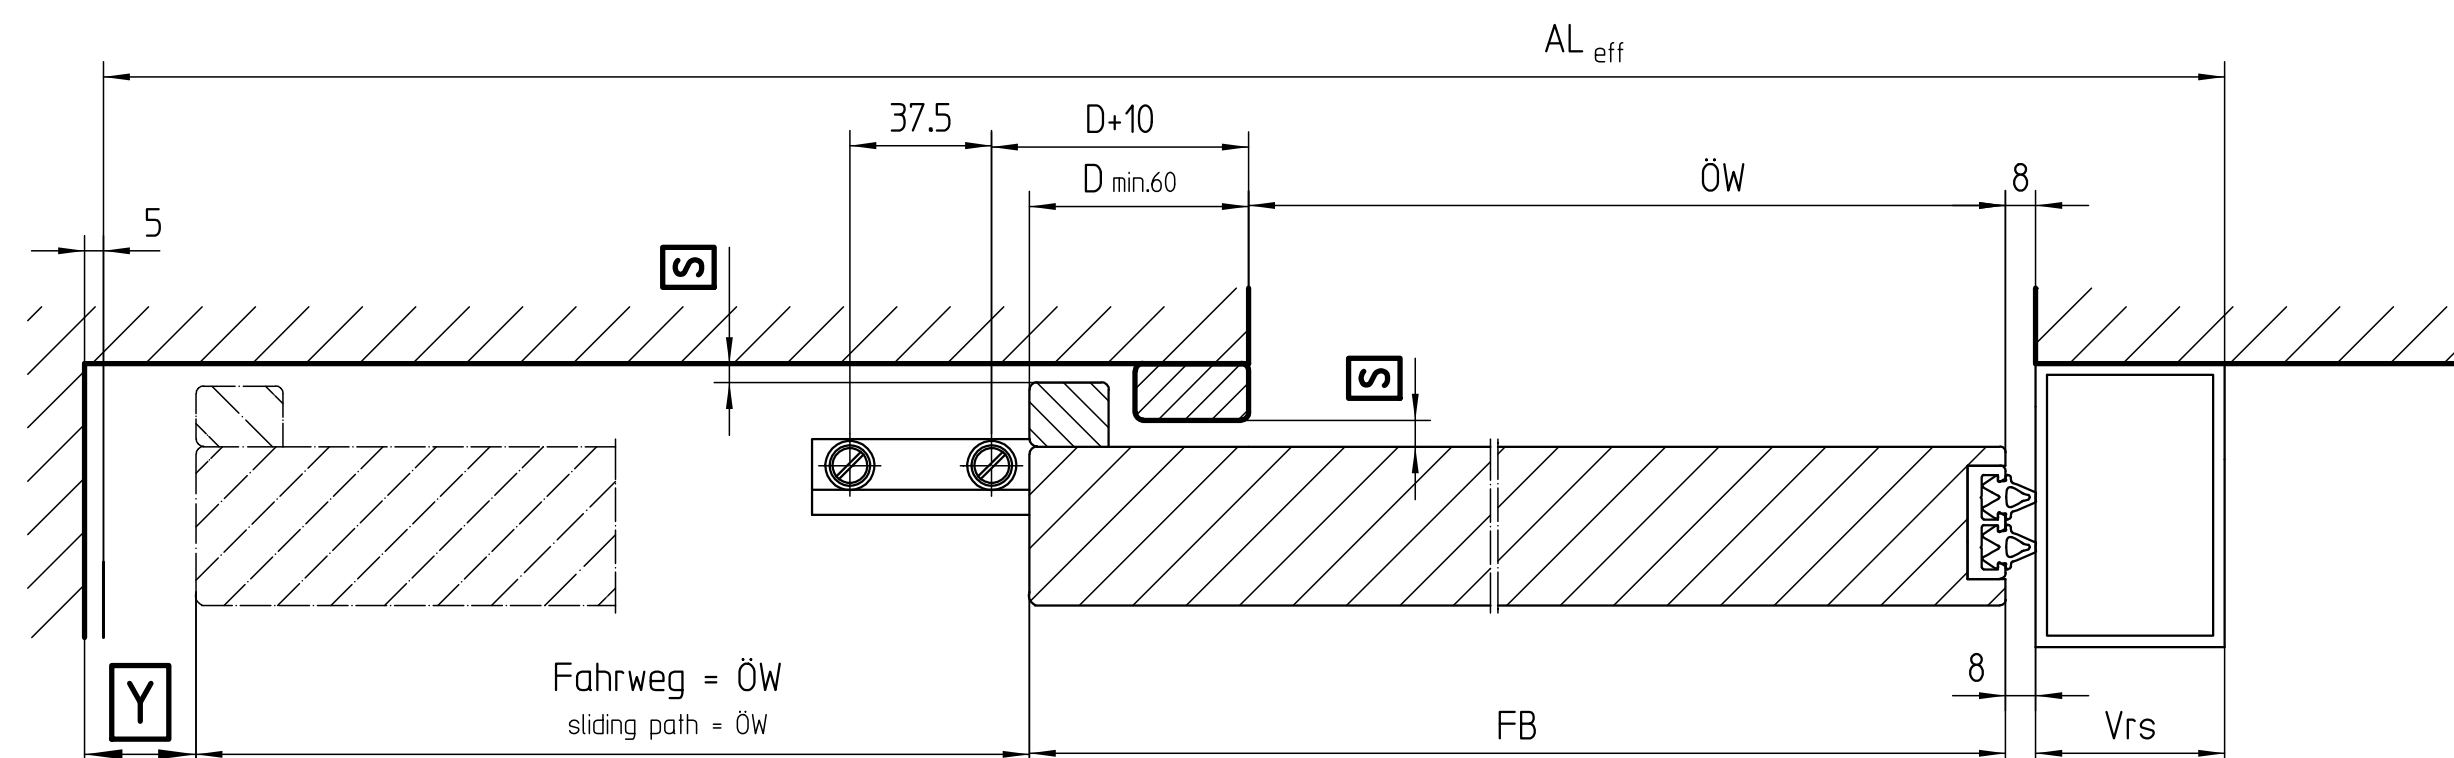

Flügelbearbeitung für Winkelbodenführung
Leaf processing for angled floor guide

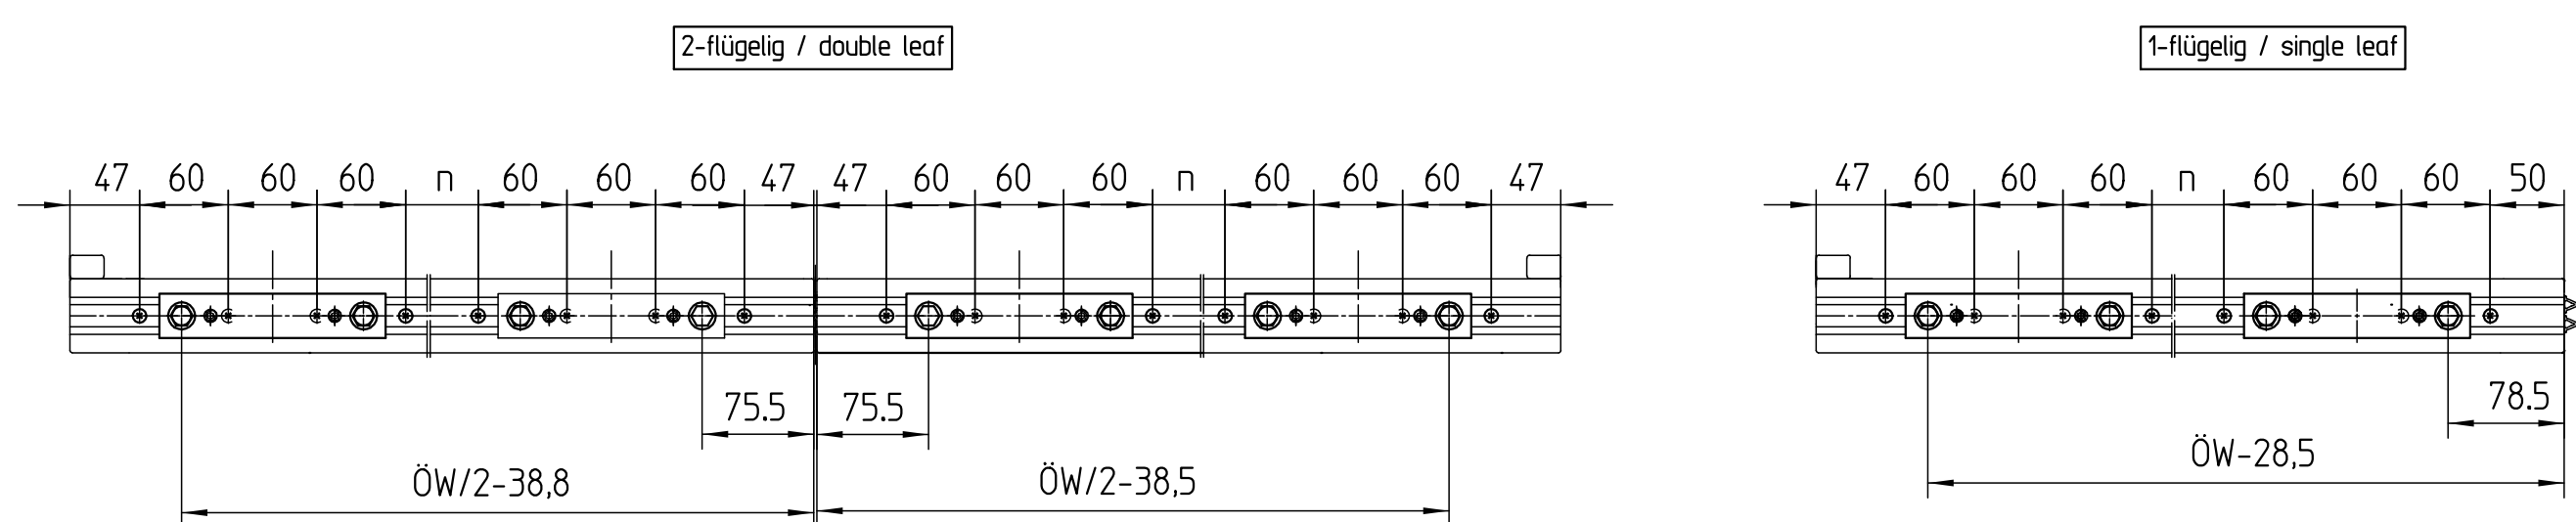

Flügelbearbeitung für durchgehende Bodenführung
Leaf processing for continuous floor guide

Schutzflügel nur bei Holzflügeln OHNE Glasausschnitt
protective leaf only for timber leaves WITHOUT glass infill

Anordnung der Flügelaufhängung
arrangement of door suspensions

n = freie Länge so einteilen, das Schraubenabstand 200mm nicht überschritten wird
= do not exceed screw interval of 200mm
